

LIBRARY RECOMMENDATION FORM

BRAIN IMPAIRMENT

A Multidisciplinary journal of the Australian Society for the Study of Brain Impairment

To Librarian/Library Acquisition Committee

I highly recommend that the library purchase *Brain Impairment* and would be most grateful if you could consider this title and my recommendation in your next serials review. The journal aims to improve the quality of life for people with brain impairment and is truly multi-disciplinary, covering neurology, neuropsychology, psychiatry, clinical psychology, neuropathology, occupational therapy, physiotherapy, speech pathology and anatomy. All articles are peer reviewed. It is published in digital and print formats three times per year and hosted on AtyponLink (formerly Extenza). All articles will contain abstracting and author metadata, and DOIs with CrossRef linking. No signed site licences required. Access via popular services such as Swets Online or EBSCOhost. ISSN 1443-9646.

Approximate cost in US\$ — US\$140.00 Free online trial available

I recommend the journal for the following reasons:

- REFERENCE** — I will refer to this journal frequently for new research articles related to my work, and will also recommend its use to my students.
- BENEFIT TO LIBRARY’S COLLECTION** — Inclusion of this journal in our library will help support department, faculty and student needs.
- OWN AFFILIATION** — I am a member of the journal’s editorial board and as such represent this institution’s support and ongoing use of the journal.

Cost: **Australia and New Zealand** **AU\$146**
 Rest of the World **AU\$165 (approx. US\$140)**
