

LIBRARY RECOMMENDATION

Twin Research and Human Genetics

IMPACT FACTOR
1.713

To Librarian/Library Acquisition Committee

I highly recommend that the library purchase the journal *Twin Research and Human Genetics* and would be most grateful if you could consider this title and my recommendation at your next serials review meeting. The journal presents state-of-the-art reviews on all aspects of human genetics relating to twin studies and is a vital resource for researchers and professionals in the fields of epidemiology, genetics, psychiatry, psychology, pediatrics, endocrinology and fetal pathology. It is published six times per year by the highly regarded independent publisher, Australian Academic Press, for approximately **US\$375** including full searchable text online, no signed site licences required. Access via popular portal such as Swets Online or EBSCOhost. Abstracted in **MEDLINE/Pubmed, EMBASE/Excerpta Medica, SciSearch®/Current Contents®/Clinical Medicine, PsycINFO**. ISSN 1832-42743

I recommend the journal for the following reasons:

- REFERENCE** — I will refer to this journal frequently for new research articles related to my work, and will also recommend its use to my students.
- BENEFIT TO LIBRARY'S COLLECTION** — Inclusion of this journal in our library will help support department, faculty and student needs.
- OWN AFFILIATION** — I am a member of the journal's editorial board and as such represent this institution's support and ongoing use of the journal.

Prices: *Australia and New Zealand* *AU\$404.00*
 Rest of the World *AU\$505.00*
