LIBRARY RECOMMENDATION

The Journal of Smoking Cessation

To **Librarian/Library Acquisition Committee**

I highly recommend that the library purchase the *Journal of Smoking Cessation* and would be most grateful if you could consider this title and my recommendation at your next serials review meeting. The journal is the world's only publication devoted exclusively to the treatment of smoking cessation and focuses on observational studies that have practical implications for those assisting smokers to quit. It is a peer-reviewed publication with a highly qualified international editorial board. The journal will not publish articles supported by funding from the Tobacco Industry. It will be published online at least two times per year starting 2007 by the highly regarded independent publisher, Australian Academic Press, for approximately **US$100** including full searchable text online, CrossRef enabled linking, no signed site licences required. Access via popular portal such as Swets Online or EBSCOhost.

I recommend the journal for the following reasons:

☐ **REFERENCE** — I will refer to this journal frequently for new research articles related to my work, and will also recommend its use to my students.

☐ **BENEFIT TO LIBRARY'S COLLECTION** — Inclusion of this journal in our library will help support department, faculty and student needs.

☐ **OWN AFFILIATION** — I am a member of the journal's editorial board and as such represent this institution's support and ongoing use of the journal.
